# EDITOR'S NOTE

**W**elcome to the Sri Lanka Institute of Tourism & Hotel Management SLITHM-Talk Magazine!

On its successful publication, Sri Lanka Institute of Tourism and hotel Management (SLITHM) has proudly re-organized the new "SLITHM-TALK" as our Quarterly Magazine.

Published four times a year electronically, the SLITHM is the premier journal of the Institute. The SLITHM Newsletter was founded in year 2017 and we are currently preparing for publication of our 11<sup>th</sup> volume with converting as a magazine,

As the editorial board we believe that this magazine will serve SLITHM as a window through which the complete profile of the academic and co-curricular activities, achievements and progress made during the stipulated period.

The theme of this renewal issue of the SLITHM magazine was formulated to address and review of the special events and programmes that happened in Colombo and all SLITHM Provincial Colleges from January to March 2021.

The SLITHM is an entirely Government run organization. We publish articles submitted by internal lecturers, and wish to motivate the visiting lecturers and industry professionals in near future in collecting articles. All articles are selected, edited and published by the SLITHM Editorial Board. Additionally, almost every issue contains at least one comment or case note authored by a student, as selected by the Editorial Board.

Offering Membership in the SLITHM Magazine and other journals will be a highly prestigious achievement. Rising first-year students are eligible to compete for membership

through a yearly write-on competition held at the end of the first year. Readmission students beginning their second, third, and final years at the SLITHM are also eligible for membership.

The Editorial Board of the SLITHM is selected from within membership ranks by the outgoing board, based on the successful and timely completion of members' writing and citation assignments, and individual members' qualifications for available positions. This will enable the prospective students to improve their writing skills, language skills and morale.

"SLITHM-TALK" magazine would not have seen the light of the again, without the commitment and special assistance from Mr. Ramesh Perera and Mr. Sagara Kulasinghe chief members of the SLITHM Talk publication committee. Next, we extend our special thanks to the Chairperson, Director General the Senior Administrative Management, DDG -Academic, DDG-Non-Academic, Principal of Colombo and all Principals of SLITHM Provincial Colleges, Cluster Heads, Registrar, Sectional Heads, faculty members and not forgetting the entire SLITHM family associates and the SLITHM talk reviewers.

It is our hope that "SLITHM-TALK" Magazine will become a huge success.

## BEST WISHES FROM **CHAIRPERSON**

**“It is a matter of great pleasure and satisfaction that the Sri Lanka Institute of Tourism & Hotel Management (SLITHM) has come up with issuing the 11<sup>th</sup> volume of the Magazine.”**

I greatly appreciate the guidance and directions given by the Director General of SLITHM to her office publication committee in compiling and completing a journal even at this situation when the country is in an irremediable calamity.

We at SLITHM are committed to creating an ambience for nurturing innovation, creativity and excellence in our students. We aim to prepare the youth to confidently and competently face the challenges of intensifying competition by imparting high quality education coupled with appropriate training and wide exposure to the state-of-art practices.

Our educational programmes lay emphasis on all round personality development and also in inculcating human values and professional ethics which help our students become more humane and socially alive to lead a meaningful life.

Although the newsletter format is limited in the amount of in-depth information it can provide, we will make every effort to describe briefly our achievements as well as the activities carried out in every College.

Best wishes for the success and bright future to the SLITHM

## BEST WISHES FROM **DIRECTOR GENERAL**

Dear prospective Principals, Cluster Heads and Sectional Heads,

**F**irstly, let me compliment all of you on considering your valuable contributions toward the SLITHM amidst of the pandemic situation. During the past years, our endeavour has been to train students to be superior professionals in the various fields of Hospitality & Tourism: Nearly 6000 such professionals now adorn the industry, and many of them are names to reckon with.

This achievement has not been incidental: When we start a publication, channel, service or other activity, there should be no compromise on quality, effort and leadership-that, indeed, is the value I have endeavoured for us to follow. So as a deliberate strategy, the institute has adopted high standards of academic input, blending it with theoretical, practical and industry exposure. Our magazine is not only some of the leading news disseminators in the country, but are at the cutting edge of technology application, and our students have enjoyed the obvious benefits from our state-of-the-art equipment, and resources. Students have been regularly exposed to important guests of the channels, but have also brought in minds that matter to campus. Consequently, our carefully handpicked students have been well placed at the end of their tenure.

As the Hospitality/Tourism world is dynamic, we observed it pushing its boundaries over the past decade-with new forays into online, social media and other specialized forms. These offer immense opportunities for our professionals and with that recognition, we decided to widen the scope of our offerings at SLITHM.

SLITHM offers various programmes in a variety of domains within the ambit of communication, including all forms of areas in Travel & Tourism Industry. While aligning themselves with our existing courses, newsletters, publications, newspaper articles, these programmes will go well beyond our own brands into the larger media sphere.

Over the next few years, SLITHM will be the leader in Hospitality/Tourism education in Sri Lanka. It will also continue to be our endeavor to understand the importance of gainful employment at the end of our rigorous programmes, and we will continue to forge formal and informal associations with the related industries. In our efforts to bring to you the best international minds to our campus, we are exploring global partnerships.

You are at the threshold of a major surge in our Hospitality Training initiative. I urge you to take full advantage of the several innovative plans our respected Principals and Cluster Heads has for you and benefit from their vast experiences as a Hospitality educator. They and their energetic team are always available and willing to help with answers to your questions, so do not hesitate to connect with them!

*Welcome to a great future in the world of Hospitality.*

# NEWS AND EVENTS

JANUARY - MARCH 2021

## CERTIFICATE COURSES INAUGURATION CEREMONY OF SLITHM – 2021

'SLITHM-Talk' is a quarterly newsletter of the Sri Lanka Institute of Tourism & Hotel Management. It captures, in a highly readable format through its attractive blend of the visual and textual the multitude of activities that take place in all our colleges in its various disciplines and endeavors. The reports and the images are enthusiastically contributed by the principals, faculty staff and the very supportive administrative staff under the aegis of the dynamic Director General of the institute.

For the past fifty-five years the Sri Lanka Institute of Tourism & Hotel Management (SLITHM) has produced thousands of hotel & hospitality professionals in both locally & internationally.

Same in the year 2021, The Sri Lanka Sri Lanka Institute of Tourism & Hotel Management (SLITHM) also provides a sound professional training to cater to the fast-developing needs of the local and global hotel and tourism industries with the best trained and most highly motivated management professionals.

During the first 20 years, the focus was to train personnel for top and middle management position in the industry, supplemented with a programme of short courses in the hospitality trade.

Before the corona pandemic situation, Tourism Industry in Sri Lanka had expected to receive millions of tourists by the years with

an increase magnitude of tourist influx, the demand for workforce serving in tourist industry could be estimated around 600,000.

Hence, SLITHM is generating lots of trained personnel per annum for the tourism industry and the newsletter is highly newsworthy to the fraternities within the institute, the industry and other educational institutes of higher learning and the wider public. SLITHM-Talk is a newsletter that leaves a very firm and attractive trail of the vibrant activities of SLITHM.

# DIGITAL TRANSFORMATION

## OF THE SRI LANKA INSTITUTE OF TOURISM & HOTEL MANAGEMENT

Technology will be the key change agent of the hospitality education of the future. It will shape the way we learn, the way we interact and the way we do work.

With the extravagant usage of technology in the future, companies will have to differentiate themselves from the competition through the human factor. The human interaction is extremely important in the hospitality industry and this could be the motivation of other industries to hire graduates from a hospitality institution. Excellence in the future will be defined by the level and quality of the human interactions even more than today, as technology will be a given.

The hospitality education of the future will not be able to afford to be a disciple of the industry by just answering short and medium terms needs. It will have to be a driver for the hospitality industry which is not just confined to hotels, but to extend to any company wishing to place customers at the center of the interactions.

The SLITHM – Talk Newsletter is the premier and leading journal in the field of Travel & Tourism published by the Sri Lanka Institute of Tourism & Hotel Management. The journal comprises a multitude of activities which together form one the world's fastest growing international sectors. The newsletter takes an interdisciplinary methodology and includes national and regional tourism as well as specific hospitality approaches.

This newsletter aims to confront the most challenging issues that the hospitality industry faces. This relates to the recruitment and retention of talented future leaders produced by SLITHM. This is a long-standing issue but one that is increasing in importance as industry changes, combined with external pressures within the labour market.

Hospitality employees' attitudes and behaviours play a crucial role in enhancing customer satisfaction and service quality, and ultimately firms' success; therefore,

organizations must have skilled, customer-oriented staff. This is the primary goal of the SLITHM to support the industry with required manpower and to retain customer-oriented employees.

Covid-19 Global pandemic has now brought the entire socio-economic structures in to a standstill state all over the world. It has already challenged the global operations of several business sectors including the Hotel Industry. Time has come to rethink and recover and regain of the economy, employment and business operations with a fresh beginning in most of the worsened economic sectors.

This sudden fall in tourism industry have created severe economic and social consequences within and beyond tourism in the region. Sri Lanka is a country with open economy, has hit badly under this circumstances, yet, for Sri Lanka, tourism sector's contribution towards countries development is been quite considerable.
